Shower Honors Betty Hollister

A miscellaneous bridal shower was held in Kirkcaldy Hall on Tuesday evening, Sept. 4, honoring Miss Betty Hollister whose marriage to Richard French will take place on Saturday, Sept. 15.

Miss Hollister, her mother, Mrs. Calvin Hollister, her aunt, Mrs. Stephen Cowgill and Mrs. Cody Whiteside were presented with gladiol corsages and then seated at the bride's table decorated with pink and white streamers and summer flowers.

The program consisted of a name bingo led by Mrs. Arthur Jones, an accordion number by Miss Lorraine Roebuck, and a reading "How to Cook a Husband" by Miss Janet Ware.

The gifts were presented to the bride-elect by Mrs. Bert Maisey expressing the good wishes and a happy married life from her many friends. Betty very graciously thanked everyone for their lovely gifts and welcomed each one to their home in Edmonton. Lunch was served by the hostesses.

This is the view from the stage at the recent Shopper's Day held at Vulcan, showing part of the street crowd watching the afternoon Fashion Show. To the left, off the stage showing the newest of Mrs. M. L. Todd, in 1962 back-to-school fashions.

Lemons As Big As Grapefruit

This hasn't been a good year for vegetables or fruit outdoors, but one indoor fruit crop at least in Vulcan is showing an excellent yield.

Mrs. W. W. Almond has a lemon tree that has been growing indoors for several years and this summer it has produced five lemons that are nearly the size of grapefruit. The largest of two ripe lemons is 12 1/2 inches in circumference and weighs over one pound. It is solid and firm.

Unusual is the fact that the lemon tree's fruit does not all ripen at the same time. The tree has flowers and other lemons in various stages of development, and, as Mrs. Almond says, makes a most interesting and unusual house plant.

DONALD HANSEN

By obtaining the highest marks in the Province in Grade IV singing in recent examinations conducted by the Royal Conservatory of Music of Toronto, Donald Hansen, 12-year-old son of Mr. and Mrs. Harold Hansen of Ensign, won the silver medal. His mark was 85.

Donald has taken singing lessons for the past two years from Mrs. Elgar Higgin of Calgary.

Last December the youthful singer took the leading part in the Calgary Theatre singers production of "Amahl and the Night Visitors" and is presently rehearsing for a leading part in "The King and I" which is being produced in November.

On his examination returns the examiner remarked, "This boy sang a well-prepared examination and has a bright voice with absolute pitch as an asset."

Obey the signals, stay in line. The life you save, may be mine.

Early Blizzard Disrupts Services, Harvesting Brought To Standstill

The Vulcan district, along with most other points in the province, was pretty well shut down last Friday as an out-of-season blizzard swept through leaving snow-covered harvest fields, clogged roads and a six hour power break in town.

Those who complained about the short summer were counting their blessings as they looked back on the fall season which almost ended before it began. However the snow was short lived and by Sunday barbecue weather was back again for a time, at least.

It is a tossup to farmers between the benefit of the moisture or the loss in grade and delay in harvesting operations which were well advanced at the time. To many farmers in this area it was the heaviest fall of moisture in two years.

Hardest hit was the area along Highway 23 and the strip of highway by the Corner Store and Service Station was the scene of a fairly massive traffic tie-up from about 11:30 a.m. till mid-afternoon. The wet snow quickly plugged the road and one by one, cars began floundering. Larger trucks could have made it through but were hampered by cars stranded at angles across the road. A snow plow reached the scene during the afternoon and cleared the road and wreckers did big business freeing cars.

Storm warnings were out Thursday afternoon and towards evening a dark dust front moved in from the north-west. A similar front some weeks ago produced only a slight dust disturbance but Thursday night's replica brought with it high winds and rain which lasted most of the night and turned to snow. The scene reached blizzard proportions during the morning and at the Corner Store it was almost impossible to see to the highway.

Rural phone lines were out for various times during the day while in town the power was lost between 11:40 and about 5:10 p.m. Long distance lines were down from Vulcan to Calgary and to Lethbridge.

Amount of rainfall measured varied greatly with less snow falling to the south and east and a heavier fall to the north. An approximate reading at Herb Bender's Wheat Pool elevator gave Vulcan 1.15 inches of moisture. At the Alvie Jacobson farm about six miles north of town there was about two inches while around the Corner Store the rainfall ran over the two inch mark.

On farms the scene Saturday morning resembled winter conditions except there was too much machinery parked in the yards and fields to be the real thing. Farmers going to drain machines had to do so on foot and from the N. A. Giles farm going north of town to the Sunshine Trail snow still covered swaths and stubble on Sunday. Standing crops were laid low but generally they seemed to be recovering as the snow melted.

Traffic Snarl On Highway

Frost does not seem to be such a great danger in this area as it is in central Alberta where crops are still green, but there may be a loss of grades by the effect of the water.

Calgary Power agent Howie Klippert put in a long shift during the storm. He was called out at 4:10 to a broken conductor by the hospital and did not return to bed till 4:10 the following morning.

Miscellaneous troubles west and north of town took the crew's time after the hospital repair, until about 9:00 a.m. The rural west of Champion were off approximately three and one-half hours but were on again by 9:45. The main line from High River to Vulcan was off from 10:45 to 3:30 p.m. because of trouble between High River and Blackie.

The 138,000 volt main line between Calgary and Fort Macleod through Blackie went off at 11:40 a.m. caused by a broken wire east of Stavely. Power was resumed at 2 p.m. but the overload built up at Vulcan and tripped an oil switch in the sub station by the Calgary Power office and, being manual in operation, it remained off until the crew returned to town at 5:10.

A broken conductor at the airport caused rural south of Vulcan to be with out power from 10:45 to 4:30 p.m. Kirkcaldy was also without power at this time. One pole was broken just west of Methers farm due to heavy winds and icing conditions.

Final repairs were made on the 138,000 volt line east of Stavely and all main lines were back to normal at 3:20 p.m. Saturday.

Through the storm the County school bus system kept operating close to the regular schedule. In some cases the roads were not too

Fire Destroys Queenstown Home

(By Queenstown Correspondent)

The house occupied by Clyde Russell land owned by Mr. and Mrs. Charlie Lund burned to the ground Friday afternoon. The fire started while Mr. Russell was outside working in the garden.

The fire truck responded to the alarm but due to the condition of the road west of Milo the truck had to come via the Cluny road and arrived too late to save the building.

Mr. Russell had his wallet on the table before going outside and this was lost in the flames as well as his clothing and the furniture. Mr. Russell's grandsons, Marvin Winch and Gordon Boyd, spent Saturday gathering up furniture and household effects and Mr. Russell has now taken up residence in the house formerly occupied by Tom Daw.

Good Gas Well Brought In By Cancrude Last Week

A high producing gas well, Cancrude Mobil Vulcan 11-21-16-24 W4, was brought in last week in the Vulcan area by Cancrude Oil and Gas Co. Ltd.

Robert C. Arnim, Operations Manager of the company announced the success of this well on Wednesday, one of ten drilled in an area south and west of town. It is on the Glen Green farm, which is part of approximately 82,000 acres under lease to the company, and is about 3 1/2 miles south of Vulcan.

Cancrude Oil and Gas are operators for and partners with Michigan Wisconsin Pipeline Co., which is a subsidiary of American Natural Gas Co. of Detroit, a public utility company. Principals of the company are Charles Hetherington, president; Robert C. Arnim, manager of operations, and William R. Rogers, exploration manager.

Drilling operations on this well began August 10, of this year and the company has been in the district for two years. Exploration of this well consisted of subsurface geology and by geophysics or seismic operation. Production tests have indicated a 24,110,000 cubic feet per day volume and the breakdown of flow at various levels is as follows: In the Blairmore sands at the 5,865-5,885 foot level, 1.71 million cubic

feet per day; at the 5,883-5,907 foot interval, 11.6 million cubic feet per day; in the Mississippian Lime from 5,969 to 5,996 feet, 9 million cubic feet per day and in the 6,025 to 6,050 foot level the flow was 1.8 million cubic feet per day. The method of drilling for the well was a 13 1/2" hole drilled to 632 feet and cemented with 10 1/2" casing. Then a nine and seven-eighths inch hole was drilled to the total depth. Production casing will consist of 7" casing cemented in the nine and seven-eighths inch hole, and it will be completed as a dual zone well.

Of the nine wells drilled by Cancrude in their operation here, four were dry holes and the remainder are capped. These wells are located on the following lands: 7-24-16-24W4, (discovery well); 6-16-16-24W4; 10-4-16-24W4; 8-34-16-25W4, (dry hole); Champion, (dry hole), 10-20-16-24W4; 7-24-17-25W4 (oil); 1-4-17-25W4 (dry); 6-24-17-25W4 (dry).

Total cost of the big producer will be around \$140,000 and the company estimates their over-all expenditure in seismic work, dry holes, drilling and plant will reach \$1,880,000. Seismic and exploration costs are roughly \$200,000 while the cost of drilling a dry hole

MRS. CLARENCE GREEN

The season's past but the memory of delicious corn on the cob remains for Mrs. Clarence Green of the Mossleigh district. To suffering Vulcanites, hardly able to show a respectable row of carrots this year, the story of Mrs. Green's glorious gardening is an envious one.

In the first place on the Green farm, west and south of Mossleigh, is a natural flowing well and therein lies the secret. While all around her, fields have withered and browned, Mrs. Green's unlimited water supply and nature's sunlight have produced another bumper vegetable crop this summer and these two cobs of corn, one of them going a foot long, serve as evidence.

They are the Early Market (Gill's) Variety and were purchased from the Bowden Nurseries. Growing the corn between two rows of trees may have helped keep the heat concentrated, according to Mrs. Green. At any rate she put down as much corn as the family needed and gave away wash tubs full so it was a successful season in the garden.

Local Golfers Plan Annual Competition

The Vulcan Men's Golf Club are planning their President-Vice-President Competition for this coming Sunday, Sept. 16, with tee off time set for 12:00 p.m. to 1:00 p.m. The President, Ray Wellman and Vice-President Chas Fulton have drawn up their cohorts from the list of active golfers and all men members are invited to compete. An early list of opponents is posted at the clubhouse during the week and anyone not on the list and wishing to compete may do so by being present at the club during the starting time on Sunday. A list of the members is published below and anyone unable to play who is on the list is asked to contact Ray Wellman or Chas. Fulton so the proper changes can be made.

The first name indicates president's team: Wellman vs. Buehler; Schneider C. vs. Gorbous; Spaeth vs. Holm; Buchan vs. Watson; McAskle vs. Willard; Haverly vs. Keenan; Dumka vs. Petrosky; Petty vs. Moore D.; Hamilton G. vs. Percival; Hammer vs. Robertson; Bell vs. Jordan M.; Hamilton K. vs. Wolfe; Schneider F. vs. Snow; Gillette vs. Erickson; Thurbur F. vs. Hanley; Beagle vs. Middleton Bob; Walker R. vs. Banks; Webb vs. Whythe; Haga I. vs. Christensen Skees; Boutland vs. Jantzie M.; Marshall R. vs. Nelson; Matlock vs. Lyons R.; Mitchell Dave vs. Haga V.; O'Brien vs. Moyer; Bucholtz vs. Fulton; Drummond vs. Jamison N.; Bowie E. vs. Fletcher F.; Mensinger L. vs. Hagg; Munro vs. Jantzie Dan; Price vs. Prusky; Bender vs. de-Jong.

The draw for the \$350 golf set will also be made on Sunday at 5:00 p.m. Tickets are still available at the clubhouse.

Vulcan's tournament golfers continued to gather prizes at various tourney the past week. At the Labor Day Tourney at Lethbridge Henderson Lake Club, Ron Buehler picked off a first in one of the flights while Fay Gorbous won the ladies' second flight over Gail Walker, also of Vulcan. At Claresholm's Annual September Tourney a good turnout of Vulcan golfers attended and many hit the prize list. In the men's first flight Vulcan shotsmiths took the four top spots with Ray Wellman, Ron Buehler, Glen Gorbous and Harold Boutland finishing in that order. Bud Haverly took second spot in Flight four.

In the Ladies' Championship Flight it was June Wellman in second place and Fay Gorbous in fourth. Veda Boutland came second in the next flight and Bernice Buehler second in Flight three.

The Vulcan Ladies' President-Vice-President Competition was held on Monday with Vice-President Bernice Buehler's side edging out Thelma Haverly's aggregation by a mere 10 strokes after 13 matches were played.

All Junior members of the Vulcan Golf Club or those between the ages of 13 and 18 inclusive are asked to turn out for the Junior Club Playoffs on Saturday, Sept. 15, with tee-off time between 12:30 and 1:00 p.m. They will be divided into two age groups so the younger ones will have a competition of their own.

Opening day at the Vulcan Elementary school brought noisy reunions as county children piled off the buses into arms of long lost town boys. Three lads above are mixed in such a melee. The first crisis of some teacher is coming

up as one of the grade one'ers, standing in front of the bus, has a white cat nestled in his arms and carried the "be kind to animals" theme on his lips he entered the school at the sound of the buzzer.

District News

MAJORVILLE

Blizzard conditions struck the district Friday disrupting power, phones and traffic. In most parts of this district power was off for 12 hours and many people who depend on power to run their furnaces spent a cold and miserable day. School children were returned home early that day too. It has been a most disappointing fall with flowers and vegetables being cut down by frost so early in the season. As one old-timer put it, "It looks like a year with ten months of winter and two months of poor sledding."

Lewis Greaves, who is volunteer weather observer for the meteorological branch reports that during the month of August there was four days of measurable amounts of moisture for a total of .68 inches.

Mr. and Mrs. Gene Henry spent last weekend visiting relatives at High River.

Mr. and Mrs. Giles and children of Salt Lake City visited the latter's sister, Mrs. Jim Prentice and family on Sunday and Monday of last week.

Guests last weekend at the John Papp home were Mr. and Mrs. S. Selgensen, Loida Selgensen, Mr. and Mrs. Bud Fiksdal of Standard and Mr. and Mrs. Frank Becker and Valerie of Vernon, B.C., and Mr. and Mrs. Alex Watson of Calgary.

Mr. and Mrs. Gilbert Vooyoos and family motored to Creston, B.C., on Wednesday of last week.

Mr. and Mrs. George Thurlow of Medicine Hat were guests of the Bob Umschied's on the Labor Day weekend.

Mr. and Mrs. Bill Burk of Medicine Hat visited Mrs. Jessie Umschied and Granny Burk on the weekend. Miss Pat Nugent was also a weekend guest.

Marjorie and Maxine Dietz have been holidaying at their parent's home this past week.

School commenced on Tuesday of last week with Kathy Northcott, Laurie Godkin and Allan Bartsch joining the beginners class in Milo from the district.

Friends were saddened last week upon hearing of the death of Earl Brown, husband of the former Mary Shields. Mr. and Mrs. Brown, who had resided in Jamaica for years, had returned to Ontario, where he was undergoing medical treatment at the time of his death. Sympathies of the district are extended to the Shields families.

Mr. and Mrs. Vern Maldaner and Cindy of Eckville are spending their holidays with Mrs. Maldaner's parents, Mr. and Mrs. Chester Thompson.

Friends were pleased to hear that Mrs. Ken Vooyoos is out of the hospital and staying with her grandmother, Mrs. Mabel Dietz in Calgary. Mrs. Vooyoos hopes to return home this week.

F.W.U.A. MEETING
The FWUA meeting was held on Thursday at the Liberty Com-

munity Senter with 11 members and one visitor in attendance.

Plans were made to attend the Oct. 3rd conference at Armada. Two letters were read from the Korean orphan. Members decided to serve the Lions Club again. An interesting bulletin on International Peace prepared by Mrs. Huddleston, District 12 Director, was read.

The next meeting will be held Oct. 2, at the home of Mrs. Jessie Umschied.

EASTWAY

Garry and Doreen Hill and son motored to Del Bonita for a week's visit with Doreen's parents, Mr. and Mrs. Dalton.

Friends and neighbors will be glad to hear Gladys Love has returned home from the hospital last Friday.

Mr. and Mrs. Les Walsh and boys of Foremost were recent visitors to the Andy Knive home.

Stanley and Hilda Kane were Sunday guests at the Johnston home.

ENSIGN

Recent visitors at the home of Mr. and Mrs. Harold Parker was their son, Steve and family of Trail, BC.

Visitors at the Bill Brown home on Saturday, Sept. 1 were Mr. and Mrs. Allen Brown and Mrs. Peggy Brown of Midnapore and Bill's sister, Mrs. Bessie Mackay of Vancouver, BC.

Jim Lawrence and children accompanied by Misses Janice Howlett and Fay Larsen were overnight visitors at the home of Mr. and Mrs. Ted Howlett, on Sunday, Sept. 2. Janice returned to her home after spending the summer holiday at the Lawrence home.

Mr. and Mrs. Leonard Smith of Victoria, BC, were visitors in the district for a few days.

Mr. and Mrs. Harry Brown, Jr. and family of Calgary were last Sunday supper guests at the B. Brown home, also visited Mr. and Mrs. George Flebotte.

Mrs. Mary Ruark accompanied Mrs. Jim Williams to Calgary on Wednesday of last week.

Mrs. B. Brown and Mrs. Harry Brown accompanied Mrs. Bill Turley to Calgary on Thursday of last week to visit Mrs. Inez Dwigans.

COMMUNITY CLUB
The Ensign ladies Community

Club held their monthly meeting on Wednesday, Sept. 5, with Mrs. Odile McFadden in the chair. Fourteen members and two visitors were present. After repeating the creed the roll call was answered with grab box parcel for the fall bazaar.

The main discussion at the meeting was the annual turkey supper. It was decided not to have a raffle this year. All members are requested to turn out to clean the kitchen and hall before the supper. The surprise box was donated by Mrs. Nellie Mote and won by Mrs. Lydia Flebotte.

Lunch was served by Mrs. Odile Paton and Mrs. Ora Brown.

90% of all oil company product research in Canada
is done by Imperial

The fuels your car will use in the future are being designed today. In Imperial's ultra-modern research laboratories at Sarnia, scientists and technicians are working to ensure that gasoline for today's cars—and tomorrow's—are tailored for top performance. In the last ten years alone, Imperial has spent more than \$80 million to build the equipment needed to bring you top gasoline quality.

At Imperial Oil's laboratories at Sarnia, Ontario, more than 200 scientists and technicians are working to improve present petroleum products—and to develop new ones. Their research covers many fields, from gasolines to household detergents. Another 130

scientists and technicians are working at Imperial's Calgary laboratories on ways to find and produce more Canadian crude oil and natural gas. Imperial does more research than all other oil companies in Canada combined.

Watch For School Buses

School buses are again operating on the roads and highways and motorists are reminded that Alberta law requires all traffic from either direction to stop when a school bus is receiving or discharging passengers, except traffic from the opposite direction on a four-lane divided highway.

The law requires that a school bus must be marked as such and the driver of the bus is required to activate the alternate flashing warning signal lights in sufficient time to give adequate warning to motorists and trucks and allow them to stop safely.

When school authorities report the license number of vehicles that do not stop as required the police are notified and action is taken. It might also be mentioned that it is an offence for the school bus driver to fail to activate the alternate flashing lights when loading or unloading, just as it is an offence for a vehicle to pass a school bus while such lights are flashing.

There are 58 school buses operating in the County of Vulcan and more than 2,600 in the province.

Word was received here recently that Hector Nault of Calgary, formerly of Carmangay, passed away last week.

Mr. and Mrs. Vilas Teskey attended the opening of Rogers Pass.

Friends of Roy Burns will be glad to hear that he is improving from his accident on highway 23, when his car was hit by a car coming west on the Parkland road. Mr. Burns suffered torn ligaments and is home now.

Those visiting in Waterton over the long weekend were Mr. and Mrs. W. McIntyre, Mr. and Mrs. David McIntyre and Brian, Mr. and Mrs. Bert Blimkie and sons, Dr. and Mrs. Hwozdecki and son and Ila Stonehouse.

Albert Neilson and son, Lloyd and daughter, Norma visited Mr. and Mrs. Steve Volk over the long weekend.

Mr. and Mrs. Farrell Dikie of Armstrong, BC, were visitors at her sisters, Mrs. John Hubka last weekend.

Mrs. Roy Church entertained a number of guests on Saturday. The occasion was her 70th birthday.

COMMUNITY SHOWER
A community shower was held in honor of Miss Leona Laczko on Saturday evening in the United Church basement.

The program consisted of a reading by Mrs. Ruth Shumaker and a reading by Mrs. Frances Burns; a piano solo by Arleen Dahl; and a medley of songs by Joy Laczko, accompanied by Verle Johnson. The gifts were brought in by Judy Dahl and Shirley Wennes and Judy Dahl on behalf of those present, presented the gifts.

Those assisting with the opening of the gifts were Mrs. Mary Laczko, Mrs. Emeric Laczko, Mrs. Owsley of Calgary, Faye Owsley, Bev Burns and Eileen Humanen.

C.W.L. PARISH COUNCIL

CWL Parish Council of Carmangay held their September meeting at the home of Mrs. Bob Parker on the 6.

An invitation was read from the Calgary Diocesan Council of the C.W.L. to all directors and members of the C.W.L. and their husbands, to attend a dinner honoring Mrs. Herman Stevens, newly elected National President of the C.W.L. next Tuesday evening in Calgary.

Secretary instructed to send a congratulatory telegram to Mrs. Stevens if the local council is not represented.

Father Marien gave an interesting talk on the forthcoming Ecumenical Council. Spiritual Counselor read an article on the life of Pope Pius X. A spiritual bouquet is being mailed to Mrs. Rudy Hubka, St. Michael's Hospital, Lethbridge. A list of children taking Catechism by correspondence will be given to Father Marien on Sunday.

The next meeting will be held at the home of Mrs. Frank Hubka. Mrs. Rod Minty is Church cleaner for October.

The meeting closed followed by the prayer to Our Lady of Good Counsel and Father's blessing. Mrs. Letal won the raffle. Delicious lunch was served by the hostess.

OPEN HOUSE AND TEA

The Open House and Tea to welcome the teachers was well attended and enjoyed by all.

The past president's wife, Mrs. Elsie McIntyre and president, Mrs. Elnora Anderson welcomed the guests. Mrs. Emma Smith entertained on the piano while everyone was gathering. A short program of a duet by Leslie and Laella Johnson, a piano selection by Cathy Smith, two solos by Mrs. Joy Laczko, a reading by Mrs. Norie McMillan and a song and dance by Cheryl and Myrna Minty were greatly appreciated.

The Superintendent of the County, Mr. Hawksworth then introduced the teachers, and spoke highly of the Carmangay staff this year. The Grade nine girls helped serve a very delicious lunch. The tables and auditorium were decorated with fresh flowers. Each teacher was presented with a corsage.

The afternoon closed with a tour of the new school by Mr. Toutant, who explained about the many new features of the school. This new venture by the Home and School Association was very gratifying.

The first meeting of the new term will be held on Thursday, Sept. 13, at 8:00 p.m. As a guest at this meeting, will be Mr. Dutton of the Lethbridge Public Library. He will have a display of books and speak on "The Value of Good Reading." A cordial welcome is extended to all.

EVER SKATE ON GLASS?

Have you ever wondered why you can't skate on glass if it's smoother than ice?

Scientists say that it is not the smoothness of the ice which makes it slippery so that you can skate on it; it is something quite different. Pressure melts ice a little. When your skate rests on the ice the weight of your body melts the ice so that there is a very thin film of water underneath your skate. You really slide along on this water film. As soon as you have passed it freezes again.

HOME & SCHOOL ASSOCIATION

The Home and School Association are presenting the fathers and mothers, once again with the pleasant opportunity of meeting their teachers at a "Parents Meet the Teachers Tea". This tea is free and will be held on Sept. 17, Monday afternoon at 3:30 p.m. in the school auditorium.

Take this grand opportunity, as a beginning to establishing a direct and personal contact with your teachers, school and activities, also to give your support and co-operation so much needed.

We must keep in personal touch with our teachers and school to know and understand them. This way we all work together for the betterment of our children and their education.

Home and School is where you can accomplish these things. It is a stimulating organization with one main interest—our children and their needs.

Come and bring your ideas, interest and zest, your strength, support and co-operation. Remember your children benefit from a strong unity between the home and the school.

Join your Home and School Association now.

TEXACO FARM TIPS...

HOW TO STARVE
YOUR SCRAP PILE
AT ITS SOURCE

A scrap pile represents damaged tools, ruined machines, wasted time when you can least afford it. It means lost capital, lost profit, even lost opportunities. Today's farmer realizes that he must practice rigid cost control in every section of his operation. Profit margins are too slim to permit anything casual. As a modern farmer yourself, you have a very big investment in complex machinery, an investment that shows every sign of having to be increased. You can protect this capital, lengthen machinery life and lower your maintenance costs by remembering one simple thing: LUBRICATION IS A MAJOR FACTOR IN COST CONTROL. The operating handbooks you received with your equipment all specify proper lubrication intervals — intervals you should observe with the greatest of care. This is your first step to maintenance cost control. Your second major step is to use Multifak lubricant for all appropriate applications. Multifak is a multi-purpose lubricant for use on farm machinery — it just won't squeeze out, pound out or wash out. Multifak will help starve your scrap pile at its source and extend equipment life. Multifak is available in easy-to-load cartridges from your Texaco Farm Supplier—the man you trust for all your fuel and lubrication requirements.

ACCIDENT-PRONE DRIVERS TO FACE ALBERTA BOARD

Highways Minister Gordon Taylor has set up a board to review the driving record of accident-prone drivers. The board has been operating unofficially for some time to advise the Minister but now is to function officially.

The highways department said that it will have a case history on every driver in the province. If any driver has his licence endorsed it will be recorded in the file and the file will be reviewed after every conviction.

If the review board thinks the driver is careless it may recommend a suspension of the licence. Last year it investigated the record of 678 drivers and recommended suspension in some cases for periods of from two weeks to three years.

Mr. and Mrs. Bob Todd are presently vacationing at the coast.

Mr. and Mrs. Emil Schmidt and girls were weekend visitors to Cochrane.

Mrs. John Hunter of Calgary was a recent guest at the home of her son-in-law and daughter, Mr. and Mrs. Harold Schneider.

Congratulations are extended to Mr. and Mrs. Donald McLeod of Castor, Alta., on the arrival of a daughter on Sept. 5, 1962. Name, Heather Marie, weight, 7lbs., 14 ozs.

Good Gas Well

(Continued From Front Page)

runs to \$75,000 and setting up a processing plant and distribution system is approximately \$600,000.

Effect of this gas field to Vulcan may not be too great expansion-wise but there is likelihood that a processing plant and the distribution system will be built here with next summer as the discussed time. However the fact that in the drilling of this one well a 15-man-drilling crew, a tool push, four Cancrude personnell and about 20 service persons have all been in the district, has some impact on the town.

Parker Drilling Company of Canada Ltd., drilled the most recent well under the supervision of R. J. Purcell and future development of the field is planned.

Mr. Arnim of Cancrude expressed satisfaction and pleasure at the co-operation given by farmers in the area under lease by his company.

To school groups or others interested in the business of oil and gas well drilling Mr. Arnim offered an invitation to contact him to arrange a tour of the operation.
